

**SSO 700 HRT Tour – Tuesday, December 04, 2018**

**WHO:** SWOWEA members and anybody interested (YPs and Non-YPs welcome)  
**WHAT:** Free Tour of the SSO 700 HRT Tour – 1.0 **Contact Hours**  
Happy Hour at Fretboard Brewing Company  
**WHEN:** **Tuesday, December 04, 2018**  
**Plant Tour – 3:00 to 4:30**  
**WHERE:** **SSO 700 HRT** – 420 Cavett Dr, Reading, OH 45215  
**Fretboard** - 5800 Creek Rd, Cincinnati, OH 45242

Join the SWOWEA YP and Watershed Committee for a **FREE TOUR of the SSO 700 HRT Facility in Reading** (with 1.0 contact hours) on **Tuesday, December 04, 2018 beginning at 3:00 PM.** The facility is located along Mill Creek in Reading. The facility consists of three (3) 1.2 MG above-ground tanks, a 15 MGD chemically enhanced high rate settling (CEHRS) process with ultraviolet (UV) disinfection for excess flow treatment, and a 30 MGD firm capacity (40 MGD installed capacity) influent pumping station.

Meet at the address provided (see map below), where we will be directed to the plant. Parking will be onsite at the plant where the walking tour will begin. We will learn about the facility's treatment processes, history, and operations. Make sure you bring your Core ID Number with you for your Contact Hours!

**Please wear close-toed shoes and comfortable clothes for walking.**

Following this tour, come to **Fretboard Brewing Company** to get to know your fellow SWOWEA members at a happy hour sponsored by **BL Anderson**. You do not need to attend the tour to come to happy hour.

**RSVP by December 2<sup>nd</sup> at this link:**
